Not Ready to Buy a Home? Here Are Steps to Prepare!

With current rates, right now might not be the best time to buy a home. That doesn't mean you can't start planning for it! There are a lot of things you can do to prepare for when you're ready to make a purchase of that size.

- Have a free personal consultation by participating in our Solid Foundations Session. There is a LOT to prepare for when buying a home. Our experts can help make sure you're as prepared as possible! They have years of home-buying experience and will use that knowledge to help ease you into owning your new home. Go to the Financial Wellness tab on our website to sign up for your free Solid Foundation Session.
- Open a new savings account dedicated to the costs of buying a home. Opening an account to save home-buying funds is a great way to make sure you're prepared for when the time is right – while also earning interest. Make sure and automate the way you save to increase your success. Call Video Banking if you need assistance.
- Build up your credit score. A better credit score could mean a lower rate when it's time to buy. Paying your bills on time and not using too much of your credit limit are good first steps towards raising your score.
- Plan for extra costs. Falling mortgage rates don't mean all costs will fall. There's a good chance that property taxes could increase. Similarly, you should always expect unexpected costs. While you may not know what they'll be, having extra funds set aside to deal with them is a good idea.

INTERNATIONAL CREDIT UNION DAY

Thursday, October 19, is ICU Day! To celebrate, we'll have snacks at the credit union. Stop by and say hi! We love being able to see and celebrate our members. Remember, the credit union is owned by you and powered by you. Without your continued support, we wouldn't be able to offer lower loan rates and higher savings rates. Thank you for being a member, and we hope to see you soon!

TIGHT SPOT

Payday Lenders Are Never the Answer to a Money Emergency

Whether it's an unexpected bill or simply a case of overspending for the holidays, don't compound the problem with a payday loan. A payday loan is guaranteed to put you in an even worse position. If you find yourself in a "tight spot" needing extra cash fast, our TIGHT SPOT Loan may be the answer. In just 60 seconds, you can get the money you need deposited right into your account – no credit check required! Apply using Online Banking and borrow up to \$2,000. TIGHT SPOT loans are evaluated by your deposits and other factors, so make sure you have regular deposits coming into the account. This same application will also be available on our mobile app soon. For more information please go to HolyRosaryCU.org/tight-spot.html.

If you don't have direct deposit, check out our Better Choice loan instead!
